LED ceiling fan in black colour Antila. Fan with ultra-quiet DC motor with six rotation speeds, reverse

function winter summer and breeze. Its design with retractable blades means that when the fan is not in operation, the blades are retracted on top of the fan. This type of fan is very practical for illuminating a room such as a living room or a large bedroom. You can control the light individually, switching on just the main light, just the decorative ring or the whole fan at the same time as you need it. Dimmable LED lighting with three colour temperature tones.
