LED desk lamp with RGB light for gamer setup. Complement your gamer setup with this RGB LED light to create a unique atmosphere. You can set a light colour, a sequence of colours or set a mode in which the light varies to the rhythm of the music (microphone integrated in the base). You can charge your mobile phone by leaving it in the base (only compatible smartphones) or via a USB-C cable. Ideal flexo to place next to your monitor and RGB keyboard while playing online video games or while streaming.

Features:

- Dimmable light intensity and 3CCT.
- RGB LED lighting in various colours
- Built-in microphone in the base: RGB light moves and changes to the rhythm of the music
- Wireless charging dock for smartphones
- USB-C port for charging electronic devices
- Articulating structure
