Attom LED desk lamp with rechargeable battery. Practical flexo with LED technology for use as a reading, work or study light. The base has a touch control to turn the light on and off, select the colour temperature (3000-4000-6000K) and the lumen intensity (30-50-100%). It has a rechargeable battery, with a charging time of 3 hours and a duration of up to 150 minutes. It is articulated for easy folding and takes up little space when not in use. USB-C port on the back. **Cable not included.**
