

Ares PIR IP65 1.5W 420 lm Solar LED Wall Lamp. CCT

Reference: 43-001-01-180

Brand: CristalRecord
Lamp type: Wall Lamp
Height (mm): 121
Length (mm): 158
Width (mm): 59
Material: Polycarbonate
IP Rating: 65
LED type: LED
Power (W): 1.50
Brightness (Lm): 420
Light: CCT
Light temperature (K): 3000-4000-6500
Chromatic reproduction index (CRI): 80
IEC protection: Class III
Sensor: Twilight and motion sensor
House stay: Garden - outdoor

Ares Solar LED Wall lamp with Motion and Twilight Sensors. This LED floodlight is designed for illuminating outdoor areas such as patios and gardens. It features a solar panel to charge the battery during the day (10–12 hours of runtime).

Automatic rotation: During the day, the fixture's motor rotates the light to orient the solar panel toward the sun and maximize charging. At night, the light rotates downward to illuminate the desired area.

PIR: The motion sensor has a detection range of 6–8 meters and a detection angle of 100°. If no further movement is detected, the light will automatically turn off after 30 seconds. When there is sufficient ambient light, the light will automatically switch to charging mode.
