Wall light suitable for outdoor and indoor use. LED Wall Light with a power of 6W and 360 lumens radiates a natural white light. With this light you can illuminate different rooms such as terraces, gardens, living rooms and hallways, creating a pleasant ambient light. The light source can be oriented 180 degrees to the sides, allowing you to create different lighting according to the needs of each moment. It also features eye comfort technology to avoid disturbing the eyes. The body of the wall light is made of cast aluminium with a black finish. This wall light with IP54 is splashproof so it can be installed outdoors without additional protection.
