Fixed round recessed spotlight designed for interior lighting. It is manufactured in Spain with high quality Zamak and an elegant matt gold finish that makes it highly sought after for lighting projects. The recessed spotlight is very easy to install and is fully integrated into the ceiling thanks to its compact circular design. Its fixed light point allows for an optimal light source in different rooms such as hallways, corridors and living rooms. Once installed in the ceiling, the bulb can be easily replaced from the front without having to remove the recessed spotlight. You can purchase the recessed spotlight with a G5,3 or GU10 lamp holder or without lamp holder.
