White coloured movable recessed light fitting made from injected zamak. This white-coloured recessed spotlight is one of the best sellers in its range thanks to the simple and practical design it offers. Its compact circular size with a standard shape and white ring makes it very easy to install and integrate into the ceiling. You can install it as a light point for a specific area of the home or as a complete room lighting.

As it is tilting with a 30º angle, the recessed spotlight allows you to direct the light point adapting it to the lighting needs of the moment. You can find this recessed light model in other finishes, all manufactured in Spain with high quality materials.
