Circular movable recessed light for lighting projects. The white recessed spotlights are one of the most popular models for projects thanks to their easy integration into the ceiling. It offers a compact circular design, simple and very practical for installation in all types of rooms such as bedrooms, living rooms, hallways or passageways. As it is tilting with a degree of inclination of up to 30°, you can easily direct the lighting slightly to one side or the other. This range of recessed lights is 100% manufactured in Spain using zamak injection to offer the highest quality. Available in various finishes.
