Satin nickel recessed spotlight with movable light point. Satin nickel-coloured round movable recessed light, manufactured with 100% Spanish materials in order to offer the highest quality. This circular recessed light is presented as an ideal solution to give a modern touch when lighting indoor spaces. The ring is made of injection-moulded zamak with a satin nickel finish that gives the recessed light a modern touch. As it is tilting with an angle of inclination of 30%, the recessed light is perfect for lighting projects in homes, hotels and businesses. You can purchase the recessed downlight with a GU10 or G5,3 bulb holder. Bulb not included.
