Circular movable recessed light for ceiling installation. Ceiling recessed fitting light with movable light point to direct the lighting in a practical way. Tilting recessed spotlights are widely used for professional and technical lighting projects in interior spaces. The compact circular design is designed to be easily integrated into the ceiling of different rooms. Once recessed in the ceiling, the light point is movable by 30° and you can easily manipulate the bulb at the front of the recessed fixture light. Recessed spotlig Made in Spain with high quality zamak injection and a modern matt chrome finish.
