Pcs / Master: 80

Fixed recessed spotlight suitable for outdoor lighting Alhama. This is one of Ángel Aparicio Spain's best-selling recessed lights thanks to its high resistance to water and dust caused by the weather. The recessed light is designed with an IP65 degree of protection, which allows it to be installed as lighting in bathrooms and kitchens as well as in outdoor areas. The circular shape and the white aluminium finish make it a very popular recessed luminaire for professional lighting projects. You can combine the recessed luminaire with one of our LED modules to achieve a light source greater than that provided by a light bulb.
