LED wall lamp for installation on bathroom mirrors. Wall light with LED lighting designed to be installed on top of a mirror as lighting. The Berlin LED wall light is one of the most widely used wall lights to provide light in the bathroom thanks to its stylised design and energy-saving LED lighting. The light provided by the wall lamp in a cool white tone (5700°K) allows you to carry out daily actions in front of the mirror such as washing your face, applying make-up or combing your hair. The Angel Aparicio Spain bathroom wall lights can be installed

in three ways, allowing them to be placed directly on the mirror, on the cabinet or on the wooden baking. IP44 degree of protection against water splashes in the bathroom.
