Wall light for bathroom mirrors London. Wall light with a stylised elongated design that is very practical for installing on top of large mirrors. It has integrated cool white LED lighting emitted uniformly along the lower part of the wall lamp. It is designed with an IP44 degree of protection for proper use and resistance to possible water splashes in the bathroom. Manufactured in aluminium and abs with an elongated ebirex diffuser to create an optimal uniform light. The Angel Aparicio Spain bathroom wall lights have three

installation modes, allowing them to be placed directly on the mirror, on the cabinet or on the back panel.
