Pcs / Master: 20

LED wall lamp Monaco to be installed above the bathroom mirror. The light of the wall lamp is projected with an opening angle of 110° along the lower part of the wall lamp. In this way, the lighting it provides on the mirror is very useful for everyday use in the bathroom. High quality materials, with a chromed aluminium structure and a polycarbonate diffuser. You can select this model of LED wall light for the bathroom with warm, neutral or cold colour temperature (3000-4000-6000°K). The Angel Aparicio Spain bathroom wall lights

can be installed in three different ways, allowing you to place them directly on the mirror, on the cabinet or on the back panel. IP44 degree of protection against water splashes.
